STATE OF DELAWARE

Official Results of General Election

(EXCLUDING WRITE IN VOTE)

1980

IF YOU DON'T VOTE

WHO WILL?

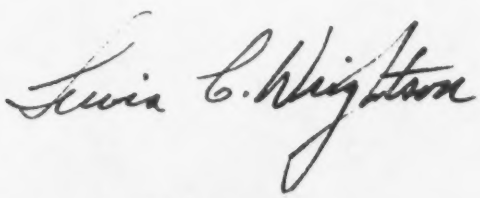
Prepared by
LEWIS C. WRIGHTSON
Commissioner of Elections

MAR 05 1981

FOREWORD

The election of 1980 is over and the results herein are for your perusal and use. I would, however, call your attention to the statistics on Page 18 concerning how many were estimated to be eligible to register - 428,000, how many were registered to vote - 300,600 and how many voted - 239,136. Expressed in percentages, 70.23% of the Delawareans eligible to register were registered; 79.55% of those registered voted; but only 55.87% of those eligible to vote actually voted!

The percentage of people who vote in the Presidential election years is consistently around 80%. Therefore, the percentage we must strongly endeavor to raise is the number of people registered in relation to the number eligible to register. This would raise the above percentage of 55.87 if we still vote at least 80% of those registered to vote. They can't vote unless they register. We could even raise the 80% voting record if we all try harder to get the voters out on election day.



Lewis C. Wrightson
State Election Commissioner
